

Child Welfare Policy Roundtable Agenda

February 3, 2023 10am-11:30am

Zoom Webinar ([Registration Required](#))

Policy Focus for February:

Continuum of Care Reform - A Decade in Review

In 2011, the California Legislature directed the California Department of Social Services to reduce the child welfare system's dependence on congregate care. This effort, known as Continuum of Care Reform (CCR), has two end goals: (1) for children and youth in foster care to receive the supports and services they need to stabilize, heal and thrive in nurturing family homes, and (2) for congregate care settings to become places where children and youth receive targeted, short-term interventions to enable them to return to family settings. Multiple reforms were identified to ensure: an adequate supply of high-quality relative and foster homes; the accessibility of critical services for children and youth in home-based settings; and updated performance tracking mechanisms and data collection systems. The February Child Welfare Policy Roundtable will highlight the perspectives of state and county stakeholders, youth, providers, and advocates about the broader impact of CCR in California.
